

Build Your Own Golf Camp

Is your child and their friends interested in attending a golf camp this summer but you cannot find a camp to accommodate your schedule and their friend's schedule. How about building your own golf camp that will allow you the flexibility to pick the dates and times that will meet your schedule. If you have a group of 3, 4 or more golfers that would like to get together and learn golf, you have the option of building your own golf camp. This is a great program for children new to golf that would like to learn the game with their friends in a fun and friendly environment. However, if you have an experienced golfer then the camp can be designed to challenge your child and their friends. The program consists of 5 one-hour lessons to cover the fundamentals of golf: putting, chipping, pitching, irons and woods.

The cost is based on the number of golfers participating in the camp:

3 golfers - \$175/camper

4 golfers - \$155/camper

5 golfers - \$135/camper

The cost of camp with 6 or more golfers is \$125.00/camper. Each camper's parent must fill out the registration form and indicate the parent organizing the camp. The parent organizing the camp must contact Terri to set up the dates and times of the 5 one-hour lessons. The camp organizer will communicate to the participants the dates and times of the 5 lessons. There are no make-up sessions unless the class is canceled because of bad weather. For golfers between the ages of 6 and 17. Clubs are available for those campers that do not have equipment.

Camp Organizer's Name: _____

Golfer's Name: _____ **Age:** _____

Parent or Guardian of Golfer Name: _____

Phone: _____ **or** _____

Email: _____

Any special needs for golfer: _____
